Handbook

Guidelines and Procedures for  
Parents/Guardians

Welcome Children and Parents!!!

Welcome to the Howards Grove School District's before school care program. Morning Grovers offers a safe environment that encourages children to interact with each other through creative play, develop character building skills, and physical activity. This program is offered to families in the Howards Grove School District who have children enrolled in grades junior kindergarten through fourth grade. The program is located at Northview Elementary School.

The program has been structured based on the priorities of the safety of each child, in addition to the mission of Northview to have activities that are engaging and meaningful to enhance the learning experience. Your child will have the opportunity to participate in a variety of fun and creative activities.

The parent handbook has been designed to assist you with understanding the purpose, procedures, and goals of the before school program. Please read it thoroughly for detailed program information. As the school year progresses the Morning Grovers staff will grow to understand the specific needs and differences in each child, which will assist them in planning for future programs and activities.

All of the forms must be completed in full and the \$40.00 per child or \$60 per family enrollment fee must be paid before your child will be eligible to participate in the Morning Grovers before school care program. The one time registration fee will be accepted after July 1 in the Northview office.

## **Program Purpose**

The purpose of the Morning Grovers before school care program structure is based on the priorities of the safety of each child, in addition to the mission of Northview to have activities that are engaging and meaningful to enhance the learning experience. Morning Grovers is a self-funded before school care program to engage children in an environment conducive for constructive learning and interactive play.

## **Program Goals**

The primary goal of Morning Grovers is to offer an option for Northview families to use as a means for before school care to drop-off their children. The before school care program will be a safe and inviting place for children to interact, play, study, and/or relax before their school day.

## **Staff**

Fully qualified and supportive staff will provide strong leadership and an enriching environment promoting the uniqueness of the child. The staff's goal is for each child to feel appreciated and welcomed.

## **Morning Grovers Eligibility**

The program is open to children who attend Northview Elementary junior kindergarten through fourth grade. Morning Grovers provides a child to staff ratio (approximately 15:1) that is conducive to providing learning opportunities to children that allow the child to complete the tasks independently and minimally support from staff.

## **Enrollment Procedures**

Registration packets are available on the Northview webpage or may be picked up in the office at Northview Elementary School.

Registration forms will be accepted on **April 15**. Forms need to be turned in to the office. The registration fee of \$40.00 (single), or \$60.00 (family) will be accepted after July 1 and needs to be paid before the students first day of attendance.
